

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Apotex Corp. is voluntarily recalling one (1) lot of Calcitonin Salmon (synthetic origin) Nasal Spray, 2200 USP Calcitonin Salmon Units/mL, lot # TH5645. This recall is being initiated out of an abundance of caution, due to one (1) non-functional pump of Calcitonin Salmon Nasal Spray where a single reported small glass splinter particle entrapped inside the pump ball seat rendered the pump inoperable. There have been no reports of adverse events related to glass particles for recalled lot # TH5645 between 02/28/2022 and 04/24/2023.
