

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Sanofi is initiating a recall of a single lot of **ELITEK® (rasburicase) 7.5 mg for injection, for intravenous use.**

Lot No.: A9306

Expiration Date: 02/2022

NDC No.: 0024-5151-75

This recall is to the health care provider/distributor/wholesaler level.

This recall has been initiated due to lower than expected rasburicase enzyme activity levels noted during routine stability testing of some vials of lot A9306. Use of this product may result in some patients receiving a sub-therapeutic dose. No other product lots are involved in this recall.
