

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Safecor Health, LLC, is initiating a recall at the retail level for all lots within expiry represented by the eighteen (18) lots of Strong Iodine Solution, USP (Lugol's Solution) specified below. This recall is being initiated out of an abundance of caution due to the absence of USP CGMP compendial requirements. Safecor Health has not received any customer complaints. Strong Iodine Solution, USP is an iodine solution used prior to thyroid surgery and iodine replacement under the care of a physician.

The eighteen (18) lots of Strong Iodine Solution USP can be identified by NDC numbers stated on the box and label of the product. The lot number and expiry date are located on the top flap of the carton and to the left side of the product description on the bottle label beside the barcode. These lots were distributed nationwide between June 21, 2021 to September 18, 2023.
